

CONTRACTOR MANAGEMENT

CONTRACTOR MANAGEMENT

PRE-REQUISITES: Literate

DURATION: 1 Day

TARGET GROUP: SHEQ Practitioners; GMR2; GMR2(7)(A); Supervisors; SHE Committee members; Employees, Contractors; Security Officials and Health & Safety Representatives.

INTRODUCTION

Managing contractors are one of the most rapid requirements in modern industry as most of the work is contracted out to third parties. This approach increases the risks of the organisation both legally and financially.

COURSE OBJECTIVES

This course is designed to provide appointed contractor managers in the company with the necessary skills to effectively execute their duties within their organisation, and to establish a contractor core that could contribute to the organisations safety standards.

OUTCOMES

On completion of this course the learner will be able to:
Assist the SHEQ Manager in co-ordinating contractor work throughout the organisation;
Establish effective contractor management;
Continuously ensure safe contracting work on the premises of the company.

COURSE CONTENT

Module 1: Employers Legal Liability to Contractors:
Module 2: Identifying Contractor Compliance Requirements
Module 3: Contractor Approval and Vetting
Module 4: The Construction Regulation
Module 5: Managing Entrance and Site Safety
