

INCIDENT INVESTIGATION

INCIDENT INVESTIGATION TRAINING

Duration: 2 Days

Pre-Requisites: Literate

Target Group: SHEQ Practitioners; Middle Management; Supervisors; SHE Committee members; Employees, Contractors; Security Officials and Health & Safety Representatives

INTRODUCTION

Effective SHE management and prevention of incidents re-occurring requires competent incident investigators to be deployed in a company. Inco Safety Incident Investigation training presents processes, tools and techniques to conduct effective, purposeful investigations. Competence in the use of specific incident investigation techniques will ensure that the root causes of accidents/incidents are determined to prevent re-occurrence of similar events in the future.

COURSE OBJECTIVES

On completion of this course the learner will be able to understand the methods to conduct investigations as well as the statutory requirements controlling incidents in industry.
